PRE-WIRING

STARTER PACKAGE - LOW VOLTAGE

PRE-WIRING STARTER PACKAGE

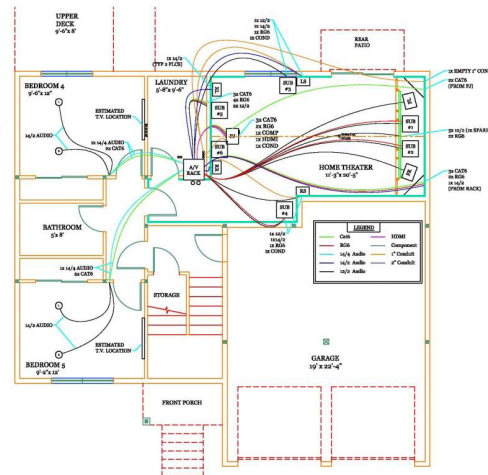

Total Tech Av will pre-wire your home, providing the infrastructure for all audio, video and networking components in your home. All locations have wires pulled to the centralized audio and video location in the home. This package provides the distribution of TV, Internet or telephone throughout the home.

Each room includes pre-wiring for 1 TV jack and 1 CAT5e jack for Internet or Telephone. This package is great for starting with the basics, with additional options available.

Consult Builder for Pricing.

OPTIONAL ADD-ONS

- ✓ Smart Panel (TV, Internet, and Telephone distribution modules within a flush mounted panel box)
- ✓ Two CAT5e jacks for Internet or Telephone
- ✓ Two TV jacks for Cable TV and Modems
- ✓ TV line pulled to attic for future use of off air antenna or Satellite TV

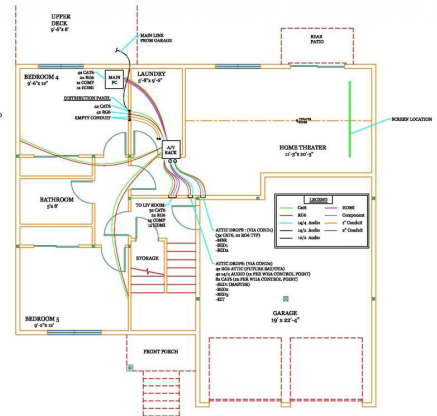

PRE-WIRING

STARTER PACKAGE - HOME AUDIO

PRE-WIRING ROOM SPEAKERS ONLY

This option provides the pre-wiring for 2 In-Ceiling or In-Wall Speakers per room or area which includes up to 4 locations inside of the home.

Consult Builder for Pricing.
